**MISSION AND VISION STATEMENTS**

***The mission of St. Mary Parish Library System is to enrich the lives and communities that we serve through free and equitable access to knowledge, literacy, resources, and experiences that strengthen our community.***

To deliver on this promise, we rely on three great resources – our staff, our collections, and our physical and digital spaces – to provide opportunities for learning and growth.

***Our vision is to be integral to the intellectual and cultural life of St. Mary Parish, deeply rooted in and responsive to our diverse community. The Library will ensure quality service through positive human connections and an inviting environment.***
