MEMORIALS

The Library's Memorial program is a special way to remember loved ones and friends who have passed away. Patrons may donate funds to purchase library books in someone's memory while making general suggestions regarding the subject or genre. Materials are selected and bought by the acquisitions department. A memorial plaque is placed in the book and after processing, the donor and the honoree's family are notified. Direct donation of actual materials is discouraged as these are often not in compliance with the collection selection policy. For more information, please contact your local library.
